

Call for application for research scholarship
for doctoral students
ELTE Faculty of Informatics

The aim of the call is supporting active doctoral students' research and publication activity, fostering their academic and professional progress by providing scholarship paid on a monthly basis for 5 or 10 months.

Eligibility criteria:

- active doctoral student status;
- applicants undertake to carry out research activity either by joining one of the faculty's research groups or individually, led by supervisor and publish the achieved research finding(s) or submit publication to edition during the scholarship-financed period.

It may be an advantage if the applicant submitted previously application for ÚNKP but it was rejected due to lack of financial resources.

Non-eligibility criterium:

- those who receive ÚNKP, EIT, KDP, IDSL etc. complementary scholarship.

Stipendium Hungaricum scholarship holder students are also encouraged and **eligible** to apply.

Application documents:

- research plan including the research objective, work plan and breakdown of tasks for 5 or 10 months, expected research findings and publication strategy;
- CV;
- a brief presentation of applicant's former research activity up to the date of submission.

Scholarship shall be applied for 5 or 10 months. In case of applying for scholarship period of 10 months, scholarship holders are required to prepare a report at the end of the 5th month in which he/she presents the research findings. If the evaluation board assumes that no results may be expected until the end of the 10th month, preparing publication is not realistic, the scholarship holder status shall be interrupted.

Submission deadline: **no deadline, submission continuous.**

The submission is required via email to dekan@inf.elte.hu
