FACULTY OF
INFORMATICS

Registration for the semester (activation of student status)

Registration for the semester (activation of student status)

- **First, compile the list of subjects you would like to take (in case you are not/no longer a fixed group student), and then register for the semester during the registration period. Registration will activate your student status and enable you to register for subjects.**
- Exact deadlines are available on our website:

<https://www.elte.hu/en/academic-calendar>

According to ELTE Organisational and Operational Regulations, there is no option for late activation, but there is an opportunity for extraordinary (vis maior) passivization. If you are unsure whether to continue your studies or not, we recommend registering for the semester and setting your status active. Ask the advice of your student coordinator, if needed.

- **The registration week of the academic year is your last chance to register for the semester.**

Registration for the semester (activation of student status)

To register for the semester and activate your student status, log in to Neptun, and go to **Administration > Enrollment/Registration**. Choose the current semester, then **click on the +** sign at the end of the row.

The screenshot shows the Neptun system interface. The navigation menu includes 'Exams', 'Finances', 'Information', and 'Administration'. The 'Administration' menu is expanded, showing 'Enrollment/Registration' as the selected option. Below the menu, there is a filter section with 'Only active: No' and an 'Add to favourites' button. The main content area is titled 'Registration/Enrollment applications' and contains a table with the following data:

Training	Admission year	Status	Term status
Computer Science	2023/24/1	Accepted	Active
Computer Science	2023/24/1	Accepted	Active
Computer Science	2024/25/1	New	

A blue callout box points to the '2024/25/1' admission year in the table, with the text 'Choose the current semester!'. A blue arrow points to the '+' sign at the end of the last row in the table. The bottom of the page shows 'Number of results:1-3/3 (406 ms)'.

Registration for the semester (activation of student status)

Click on Enroll and a pop-up menu will appear. **Set your status to Active**, and **click Save**. Verify your personal and educational data, and if all the information is correct, **click Next and Submit the request**.

Enrollment/Registration

Statement on term status

On the current training (programtervező informatikus) my status in the (2024/25/1) term will be:

Active

Passive

Save **Back**

Training	Admission year	Term	Status	Term s
Computer Science	2023/24/1	2023/24/1	Accepted	Active
Computer Science	2023/24/1	2023/24/2	Accepted	Active
Computer Science	2023/24/1	2024/25/1	New	

Number of results:1-3/3 (406 ms)

Registration for the semester (activation of student status)

You can double-check the success of your registration in the **Enrollment/Registration** menu.
